# Club Information

**Bomber Field is an organization dedicated to the preservation of aviation history through the promotion of scale aero-modeling. The Bomber Field facility was developed in 1987 on fifty-five acres of farm land. It is located near the town of Monaville, Texas one mile west of the intersection of FM 359 and FM 1887. This facility is the dream-come-true of Mr. B.B. Weber, the owner and designer of the original facility layout. Our organization is a nationally recognized club, mainly because of the annual B-17 Gathering and Scale Big Bird Fly-In. This event attracts modelers from all over the continent and Europe. Several articles have been published about this event in various national and international publications. The members of Bomber Field take pride each year in the planning, promotion, and performance of this and other equally important events. The events held at Bomber Field not only generate funds to maintain the property but, provide an opportunity for fellowship and information exchange within the modeling community.**

## The Facility

- **Runway:** A 75' x 800' all weather paved surface with concrete taxi ways. Approach is unobstructed from either end. Adjacent to the main runway is an 800' grass runway. Steel fences are provided for pilot and spectator protection. Each flight station has side barrier fencing.
- **Waterway:** For seaplanes the facility offers a 100' x 600' x 3' pond located away from the main landing field.
- **Pit Area:** A covered 30' x 150' pavilion with six 3' x 30' tables provides convience for assembly and maintenance of models. Also, 110 volt power outlets are installed and the entire pavilion area is well lighted for night activities.
- **Snack bar:** An enclosed, air conditioned, and fully equipped 25' x 20' kitchen allows members to provide tasty delights during events. It also enables members to get out of the heat or cold during inclement weather.
- **Observation Deck:** A 6' x 150' covered area, elevated over the pavilion, provides our visitors with and excellent view of all activities.
- **Transmitter Impound:** An 18' x 10' air conditioned room provides secure, climate controlled radio storage. A public address system is utilized during events to announce participants and special events.
- **Overnight Storage:** A 50' x 100' hangar is available for dry storage and charging of models during events and for member storage during weekends.

## **Membership Information**

- **Membership:** Membership is unlimited and consists of people from all backgrounds with a common interest in model aviation. Even though our focus is on scale aircraft we welcome all types and sizes of aircraft. We routinely have aircraft types ranging from basic trainers to the fastest of jets and from very small to models with 15' wing spans. It is hard to find a club that offers the variety of aircraft you might see at Bomber Field.
- **Membership Cost:** Member fees are due on October 1st of each year. These fees can be prorated monthly for new members starting before or after the due date. **Membership at Bomber Field is a family membership.** We welcome and encourage all our members' families to come out and enjoy the facilities at Bomber Field.

**Regular Family Membership is \$200.00 per year**

**Senior (over 60) Family Membership is \$100.00 per year**

**Associate Membership is \$100.00 per year**

- **Club Meetings:** Bomber Field Club meetings are generally held the first Sunday of each month starting at 1:00 p.m. Meetings are held at the Bomber Field flying facility at Monaville, TX. Occasionally meeting times or places are changed generally due to an event scheduling. These changes are noted in the monthly newsletter or, members are notified by phone.
